

BORDER BALLISTICS TECHNOLOGIES

BBT Occupational Health & Safety Policy

Border Ballistics Technologies Ltd. (the company) is a manufacturer of **steel and carbide reamers, gauges and other tooling for the gun trade** (Scope) serving an international market. In the course of this manufacturing process, the company uses a number of machines and devices which pose an inherent risk unless used with the correct safety measures in place. The company is dedicated to an ongoing process of continual improvement to minimise these risks as much as practicably possible. To this end the company is committed to the following objectives:

- a commitment to provide safe and healthy working conditions for the prevention of work related injury and ill health;
- providing a framework for setting the Occupational Health & Safety objectives;
- a commitment to fulfil legal requirements and other requirements;
- a commitment to eliminate hazards and reduce Occupational Health & Safety risks;
- a commitment to continual improvement of the Occupational Health & Safety management system;
- a commitment to consultation with and participation of all workers.

This Health & Safety policy is dated 27 November 2018 and has been devised by Management to provide a framework for the setting of Occupational Health & Safety objectives.

To ensure the company's systems and policies remain effective in delivering the company's goals in relation to Health & Safety, this policy should be reviewed before 8th November 2019
